VISUAL LANGUAGE

Soft, sunny *& welcoming.*

A quick reference for creating consistent slides and product stories. Keep layouts light, language human, and yellow purposeful.

01 Colour palette

Use warm neutrals as the base and yellow as the signal.

60 NEUTRAL 30 WHITE 10 YELLOW

- #F7C948 — **Signal yellow** — Highlights, key actions, moments of emphasis
- #FFE59A — **Soft yellow** — Cards, tags, gentle backgrounds
- #FFF3C9 — **Pale yellow** — Feature areas and warm section fills
- #F7F3E9 — **Warm cream** — Primary page and slide background
- #FFFDFA — **Soft white** — Raised cards and content surfaces
- #67665F — **Gentle grey** — Headlines and primary copy
- #9B9990 — **Utility grey** — Captions, labels and supporting text
- #E9E7E0 — **Warm mist** — Dividers, borders and quiet fills

02 Typography

One typeface. Clear, friendly hierarchy.

more local action

01 **Keep it warm**
Use warm cream for the canvas and gentle grey for readable contrast.

02 **Leave space**
One idea per section. Let content breathe with generous padding.

03 **Stay human**
Use active, conversational language and real user outcomes.
